TEACHER AND WAR

PROF. STOCKSON OXSON BRINGS MESSAGE FROM PRESIDENT WILSON.

Mrs. Charles Toll tells with enthusiasm of a course of extension lectures dealing with the Red Cross which have been organized under the University of Southern California and which are being given by Prof. Stockson Oxson, who for fifteen years was on the faculty of Princeton University, and who is a relative of President Wilson, for whom he is presenting a special and personal message from the President to the teachers of the United States. The course is free and open to the public generally. The first three were given at the new Los Angeles High Building, but the balance will be given on successive evenings this week at the Friday Morning Club House on Figueroa between Ninth and Tenth streets, Los Angeles, beginning at 8 o'clock. Some of the Glendale teachers are already in attendance and Mrs. Toll is anxious that others should avail themselves of the privilege and that club women should enjoy this opportunity for a great treat. She declares he is one of the finest speakers she has ever listened to, graceful and easy in manner, with a delightful presence and wonderful smile. His general theme is "The Teacher and the War," and the message he gives from the President is alone worth the trip. His subjects for the remaining lectures are: Wednesday, "The Red Cross Among Civilians;" Thursday, "The Story of the Organization of the Red Cross," and Friday, "The Moral Aims of the War." As the Friday Morning Club House can be easily reached by the Glendale car line, Mrs. Toll is hopeful that many citizens will share with her the enjoyment of these lectures by a man who is a real orator with great charm.

THE HEROINE OF THE TITANIC

Editor Glendale News.

When the ocean held in its unrelenting grasp its victim, the Titanic, there was on that ship the scene of a heroic woman's devotion—a picture that will never fade from the canvas of my mind. In one of the rescue boats from the Carpathia, lately sunk by a German murder boat, Mrs. Isadore Strauss had placed her maid, had passed a rug to her, and was about to take her own place in the boat, when suddenly she turned, put her arms around her husband's neck and said: "We have been all these years together; where you go, I will go." She refused to be rescued, and went down with her husband into the "raging billows of the main." In my pen is the tremble of my heart and—I pause. Noble daughter of Israel, how I honor thee! In thy spirit is a voice that the waters can not silence. When in my depressed moments my ideals waver, I feel in thy voice a benediction. Shakespeare has given in his tragedy of King Lear a Cordelia, but with all his genius he could not create a nobler character than the heroine of the Titanic. The Divine Manager cast her for a part in a tragedy with its last act closing at the beginning of a glory immortal. The prophet Isaiah would have felt the thrill of the devotion that proclaimed what God hath joined together death can not put asunder, and he would proudly have made it a glowing verse in his most inspiring chapter. My soul feels the music of these words from Isaiah: "How beautiful upon the mountains are the feet of him that bringeth good tidings, that publisheth peace; that bringeth good tidings of good, that publisheth salvation, that said unto Zion, thy God reigneth."

Write, indelible pencil of my heart, this verse for an unwritten chapter of Isaiah: How beautiful upon the waters is the face of her that dareth the mystery of the deep, that saith, "Where you go, I will go," that giveth good tidings of the heart's good, that publisheth salvation in the love that proveth itself in sacrifice, that saith to all life, Love reigneth.

Yours, in loyalty to the Flag,

F. LEE CHAUVAN.

DEATH OF EVELYN SCHLICTER.

Funeral services will be held this evening at No. 4254 Moneta ave., Los Angeles, over the body of Evelyn Schlicter, beloved daughter of Mr. and Mrs. August Schlicter of this city, who lost her life in an automobile accident at Oceanside, July 28th. She was but 21 years of age and is mourned by four sisters and five brothers, Minnie, Hazel, Mabel and Alice, Fred, Jerry, Charley, August and Henry Schlicter. Services are held in the evening to afford opportunity to her fellow employes in Bullock's Store to attend.

EXEMPTION BOARD

PHYSICAL REGULATIONS FOR DRAFT MEN AGAIN AMENDED.

The local Exemption Board has been instructed by the Provost-Marshal-General at Washington through the Adjutant-General at Sacramento that the physical examination regulations for men in the selective service have again been amended concerning minimum height and weight requirements so that the minimum height is now sixty inches and the minimum weight 110 pounds. The board is instructed to reject except for insular service, any registrants who fall below these figures in height or weight unless the deficiency in weight is plainly due to some recent illness or employment and environment which is considered remedial. The term insular troops means troops selected in Hawaii or Porto Rico.

Another letter from Sacramento dated July 24th says: "The Provost-Marshal-General states in his telegram No. E, 1948, that the August calls from this State will be approximately the same as those of July. Local boards can estimate now, from previous experience, the number to be inducted on such calls. Boards will therefore immediately proceed to examine such of the 1917 registrants as have been reclassified and not yet examined, and also the registrants of 1918 who have been placed in Class 1 so a sufficient number of men will be available to fill the calls with generous allowances for rejections at the camps and any additional calls that might possibly be made." The calls for July made upon this board totalled about 25. The board will probably summon in the near future about forty men to take examinations in order to be prepared to fill such a quota and make the "generous allowances" for rejections specified by the Provost-Marshal.

The board is also in receipt of a copy of a letter from the Provost-Marshal-General to the Adjutant-General instructing him to hold under special scrutiny the report of any board which fails to classify at least 50 per cent. of June 5th, 1918, registrants with due allowance for aliens and for Marine Corps and Emergency Fleet inductions. There is little prospect that this board's reports will demand "special scrutiny." Mrs. Jackson, chief clerk, states that physical averages of the 1918 registrants, who are of course all young men who have attained the age of 21 since June, 1917, run much higher than the averages for the 1917 selects which included men from 21 to 31 years of age, as their physical condition, probably on account of their youth, is much better. Out of the last lot examined, forty-five men, thirty-seven were found physically fit for Class 1, which, it will be observed, is much above the 50 per cent. average called for by the Provost-Marshal-General.

BOSTON PAPER NOTES REV. O'NEILL'S APPOINTMENT.

The Boston Pilot comments on the appointment of Rev. Father James S. O'Neill of Glendale to an important position in this diocese in the following terms:

"The Rev. James S. O'Neill, a former Roxbury boy, has been honored in the diocese of Monterey and Los Angeles by appointment to the responsible position of Notarius for Disciplinary and Criminal Causes.

"Father O'Neill is a native of St. Philip's parish, where his mother still resides."

HELD ON GRAND LARCENY CHARGE.

A trial for grand larceny was entered on the docket of Justice Harry Miller for today at 10 o'clock, the defendants being Mack Fisher and Joe Fisher, his son, who were arraigned July 16th on the charge of stealing 500 chickens from Charles A. Andresen of La Crescenta, and released on $500 bail. The hearing this morning was a preliminary one to determine whether the evidence was such as to justify holding the defendants.

DEATH OF HATTIE N. ROGERS.

Mrs. Hattie N. Rogers died Monday evening, July 29, 1918, at the home of her daughter, Mrs. E. J. Stanton, No. 1428 Arden avenue. She had been seriously ill for some time and her death was not unexpected. Besides the daughter named she is mourned by a second daughter, Mrs. Swagart of Oakland. Funeral services will be held Wednesday afternoon at 1:30 o'clock at the Little Church of the Flowers in Forest Lawn Cemetery, where interment will be made.

ENEMY RESISTS ALLIES' ADVANCE

MAY BE PREPARING FOR DEFINITE STAND—DESPERATE FIGHTING IN PROGRESS TWELVE MILES FROM FISMES

(Special Service to Glendale Evening News)

LONDON, July 30.—The Germans late this afternoon were continuing to resist desperately along the entire line established in yesterday's retirement.

It is as yet impossible to tell whether they have chosen the present line as a place for a definite stand or whether they are merely attempting to save vast quantities of material.

The hardest fighting this afternoon is progressing within twelve miles of Fismes.

Australian troops early this morning surrounded Merris and later entered the village and cleared it of Germans.

GERMAN-TURKISH BREAK IMPROBABLE

STATE DEPARTMENT WARNS AGAINST PLACING TOO MUCH CONFIDENCE IN REPORT

(Special Service to Glendale Evening News)

WTSHINGTON, July 30.—The State Department today warned against placing too much confidence in the reported German-Turkish break, and pointed out previous reports of Turkish disaffection.

Officials said that likely there is an anti-German element in Turkey, but they consider it improbable that this element predominates.

COUNTER ON SOISSONS-OURCQ FRONT

FRENCH ADVANCE TO CREST OF PLATEAU BETWEEN VESLE AND OURCQ—ENEMY TAKES SERGES AND BEGNU

(Special Service to Glendale Evening News)

LONDON, July 30.—The Germans heavily counter-attacked on the entire Soissons-Ourcq front early today. They drove the Americans from Serges while the French were driven from Begnu.

The French advanced onto the crest of the plateau between the Vesle and the Ourcq rivers southwest of Rheims.

It was learned authoritatively today that the Germans have used seventy-two divisions since the offensive started.

British front reports show successful raids in several regions.

FRENCH TAKE ROMIGNY

CAPTURE OF CITY IS ONLY IMPORTANT CHANGE IN TODAY'S DESPERATE STRUGGLE

(Special Service to Glendale Evening News)

LONDON, July 30.—At 4:30 this afternoon it was learned that the French had captured Romigny.

This is the only important change that today's hard fighting has caused.

RATIFY DRAFT TREATY

AGREEMENT EFFECTIVE WHEREBY AMERICANS IN ENGLAND AND BRITISH IN U. S. MAY BE CONSCRIPTED

(Special Service to Glendale Evening News)

WASHINGTON, July 30.—The British-American draft treaty was ratified today and becomes effective immediately.

The treaty provides that Americans between the ages of 21 and 31 in England may be conscripted and all British and Canadians in the United States between the ages of 20 and 44 are subject to the draft. Irish and Australians in the United States are exempt from the draft.

According to the treaty both countries shall respect new provisions in the event of further extensions of the draft law in either country.

MANY KILLED IN EXPLOSION

EIGHTEEN CARS OF POWDER IGNITE AS THEY ARE BEING LOADED AT JAPANESE PORT

(Special Service to Glendale Evening News)

TOKYO, July 30.—Thirty persons were killed and 50 were injured when eighteen cars of powder exploded as it was being loaded aboard a ship at a Japanese port.

Houses were destroyed over a large area.

FOUR-MINUTE MEN MUST RESIGN

(Special Service to Glendale Evening News)

SACRAMENTO, Cal., July 30.—Four-minute men who are candidates for salaried elective offices, will be placed on the "leave of absence" list of the state organization, according to Wm. V. Cowan, state director of Four-Minute Men.

Recently the State Council of Defense asked for the resignation of all members of county councils who are candidates for office.

MAY CONSCRIPT WOMEN

CONSERVATION WORKERS WOULD EXTEND WORK OR FIGHT ORDER.

Mrs. E. L. Young and other ladies who have agreed to be responsible for the work of the conservation department, talk of inaugurating a "work or fight" campaign" among women. There is such urgent need of needlewomen to take hold of the big stocks on hand and convert them into serviceable garments that they are thinking of sending out a patrol to arrest and bring to headquarters all the women of any apparent leisure to take hold of this work and bring it up to date. The workroom is now at 1005 Broadway, a short distance from the receiving headquarters, a nice, light, airy apartment where work can be done under the most comfortable conditions. To this workroom will be transferred the materials to be made over after they have been laundered and fumigated, and the work will be much easier and pleasanter than heretofore. This workroom will be open every Tuesday and also on other days if sufficient workers apply to justify it. Women are strongly urged to undertake this service which has been so systematized that it is no longer difficult or unpleasant, and it means comfort to the naked, desolate refugees of France and Belgium and the helpless, repatriated peoples who are being returned to France by Germany, the wasted wrecks of what they once were. Only strong, warm materials are used, and the garments will all be needed next winter.

Women who are interested and who are willing to give some time to this form of war work are requested to telephone 459-W, or Home 1373.

Mrs. Tufts, head of the surgical dressings department of the Glendale Red Cross Chapter is sending out an urgent call for workers to assist in the manufacture of absorbent pads to the end that the materials the chapter has in stock may be used and packed to make room for the new stocks soon to arrive. These pads are likely to be needed as there will be a heavy demand on all hospital supplies following the great battle now raging, and workers are asked to report.

Miss Fink, cashier at the Glendale Red Cross Chapter, reports that patrons of the organization have responded pretty well to the reminder to renew their subscriptions which expired in June and the early part of this month, but that a few are still back and checks will be appreciated.

Mrs. Jack Boettner, chairman of the Red Cross Shop, has another organ on sale, donated by a friend of the organization. She will be glad to have it inspected by anyone who wants a cottage organ or who knows of any person or organization likely to have need of such an instrument. It would be a fine instrument for the use of some lodge, society, church, Sunday-school, W. C. T. U. or other organization. Friends of the Shop are asked to put on their thinking caps to find a purchaser for this gift.

VISIT LONG BEACH LODGE.

A delegation from Glendale Lodge, No. 1289, B. P. O. E., which included Exalted Ruler Bert P. Woodard, Secretary R. M. Jackson, Inner Guard Alfred Priest, and about fifty members, journeyed by automobile Monday evening to the Long Beach lodge to witness the initiation of thirty-three candidates into Elkdom. Harry M. Pichnor, a State Officer of the B. P. O. E. made a stirring patriotic address and our own Exalted Ruler, Bert Woodard, made an excellent speech in which he invited Long Beach Elks to purchase tickets for the lot donated to the Glendale lodge by Ezra F. Parker, which is to be auctioned off for the benefit of the Red Cross. Other speeches were made by Mr. Curtis, who is at the head of the government war exhibit, which is to be held Thursday, August 1, in Exposition Park, and by an English army officer and an Italian flying man, who described their experiences at the front.

IRA LEE AVIS WEDS.

Justice Harry Miller was called upon to officiate at a marriage performed Monday at mid-day at the home of Mr. and Mrs. P. F. Renfrow of 1542 West Fifth street, this city, when Ira Lee Avis of Camp Kearny and formerly of Glendale, was united in to Minnie Gonlarte of San Diego. They came to Glendale by auto and after the ceremony returned to La Jolla, where their honeymoon will be spent. Mr. Avis is a former employe of Mr. Renfrow who, with his wife, was a witness of the marriage.

AT DIANDO STUDIO

FIVE COMPANIES AT WORK HERE —MR. OSBORNE RESTS AT CORONADO.

Leon T. Osborne, vice-president and treasurer of the Diando Film Corporation is enjoying a well earned vacation. Eighteen months ago he, in company with W. A. S. Douglas organized this company to star his famous little daughter, Baby Marie Osborne in five-reel feature pictures.

It was the first time that a child as young as Baby Marie had been the head of her own producing company. It required hard and conscientious work on the part of both Osborne and Douglas. They did this with the result that at present time Diando has two comedy and two western companies producing as well as the "Baby" company.

During this eighteen months' activity, Mr. Osborne has been constantly at the studios in Glendale. Many days he averaged as high as eighteen and twenty hours, with the result that his physical condition became run down to such an extent that his physician ordered him away for a month.

He is enjoying his rest at Coronado Beach.

With a new office and dressing-room built containing a shower bath and elaborate furnishing, Roscoe "Fatty" Arbuckle, started his first comedy on the Diando lot last week. The big western and Mexican streets on the Diando lot have been remodeled and will be used for a number of the exterior scenes in the picture.

Fatty Arbuckle has taken quite a liking to "Sunshine Sammy," the little colored Diando comedian, who has been supporting Baby Marie Osborne in all of her recent pictures. He is trying to persuade the Diando management to let him use him in his new picture.

The Gale Henry company, under the direction of Bruno Becker, have finished their first comedy on the Diando lot. They are preparing their second story this week.

On a recent trip to Catalina Island, William Bertram, who handles the megaphone on the Baby Osborne company, landed a 71½-pound tuna. This is no fish story as "Bert" divided up with the studio boys.

"Sunshine Sammy" having completed his first comedy as the feature star for Diando, has started work on the second. It is to be called "Black Cupid." Walter MacNamara is responsible for same.

"The Death Trail," the second of the western features being produced by Stuart Paton for Diando, has been completed. Betty Compson and George Larkin are featured.

Frank J. Beresford, production manager for Diando, is preparing the next Baby Osborne picture. The title will be "The Old Maid's Baby" and William Bertram will direct as usual. A newcomer to the company will be Bert Ensminger, who was associated with Baby Marie in many of her first releases.

Stuart Paton, who is directing one of the Diando western companies had a birthday last week. W. A. S. Douglas and Leon T. Osborne presented him with a platinum chain while the members of the company gave him a gold watch. A party was given at the home of Howard Crampton in the evening where many of the film celebrities of Los Angeles were present.

Baby Marie Osborne is a very happy little girl for the last four days. Some time ago she lost one of her front teeth and ever since she has been very conscious of the fact. Four days ago she made the discovery that a new one had peeped through and direct to her father's office she ran to show him the valuable pearl.

CONFIRMATION CLASS.

Impressive services were held at St. Mark's Episcopal Church on Sunday when Bishop Johnson of Pasadena confirmed a class of nine which included five boys, three girls and one man, viz., Charles Bosserman, James Frey, Robert Frey, Francis Reed, John Faries, Gertrude Longley, Frances Beede, Shirley Chase, and R. E. Downing. The bishop also blessed a service flag bearing nine stars and consecrated a communion service presented to the church by Mrs. Martha Morris. Dr. Henry R. Harrower and Mrs. Calvin Whiting assisted in the choir, Dr. Harrower singing the solo part in Kipling's Recessional.

WEATHER FORECAST—Fair tonight and Wednesday, except cloudy along the coast tonight and in the morning. Westerly winds.

GLENDALE, CALIFORNIA, TUESDAY, JULY 30, 1918

CHANGES IN NAMES OF STREETS

Authorized by Board of Trustees of the City of Glendale by ordinance passed July 5, 1918:

Third Street to Wilson Avenue.
Second Street to California Avenue.
First Street to Lexington Drive.
Fifth Street to Harvard Street.
Elrose Avenue and Seventh Street to Elk Avenue.
Ninth Street and Oak Drive to Windsor Road.
Tenth Street to Garfield Avenue.
Sycamore Avenue to Doran Street.
Valley Boulevard to Adams Street.
Tropico Avenue to Los Feliz Road.
Damasco Court and Blanche Avenue to Maryland Avenue.
Lot A. of Witham Tract to be named Chestnut Street, being a continuation of said street.

NEW P. E. RULES.

President Shoup of the Pacific Electric Railway Company has announced a radical departure in connection with the dismissal of employes from the company's service, the new plan involving the departments that choose to adopt it, but not including the clerical staff or heads of departments. It is understood that all the operating departments have felt that the plan would be beneficial to them, giving protection to the jobs of all employes who attend to their work.

The outstanding features of the new plan are, first, that every employe who is discharged has the right of appeal and the assistance of a fellow employe in investigating the facts relating to his discharge; second, that he may go all the way up the line to the president if he so chooses; and third, if then not satisfied with the justice of the decision reached, that he may refer it to an impartial tribunal not named by the company and having no responsibility except to do justice.

Mr. Shoup said:

"In connection with the new rule which becomes effective at once, a new plan has been adopted after many conferences among the heads of departments, and those departments putting it into effect believe it will prove of benefit, in which belief I join. It is responsive to the suggestion made in the recent injunction hearing before Judge Bledsoe, by the judge, to the effect that every employe of a public utility should be satisfied that he is given justice before being separated from his job when dismissal is for cause. Of course when there is no work, men have to be laid off no matter how well qualified.

"The chief advantage of this plan is that it brings a conclusion quickly to charges based on impartiality. The employe not only has opportunity through a fellow employe to develop his side of the case thoroughly, but after he has exhausted his rights of appeal in the company he can go outside if he chooses. There is no long wrangling over whether or not he has been properly dismissed. There is no question of power instead of justice governing the final conclusion. There are no expensive delays to the employe in discovering where he is going to land.

"The legal right of the employer to hire and discharge is not in question; nor is the right of the employe to quit his job at any time in question. The purpose of this plan goes beyond that and looks to the moral obligation of an employer after the employe has once become established with the company, to keep him in place as long as he is able to and does attend faithfully to his work as long as the work exists. With that goes a moral obligation on the part of the employe not to quit work for the particular purpose of embarrassing his employer; as stated in the circular it can succeed only as the high regard for truth and justice of those concerned help it succeed. It is not a reflection upon the supervising officers, but is intended as an aid to them. The plan is made effective with their full concurrence. Keep in mind with reference to these supervising officers that upon them rests the burden of maintaining discipline and of keeping operations under way in such safe and regular fashion as will give the service the public desires. The Pacific Electric might get along without a President for a good part of the time, but it couldn't get along, using the Transportation Department as an example, without Superintendents, Assistant Superintendents, Dispatchers, Trainmasters, and so on, who, every hour of the day carry responsibilities for directing operations, and it couldn't get along without the men on the cars who accept these directions and operate under them, and all have reciprocal obligations and many responsibilities.

"Let us see how the plan works; let us hope it will work so well we can carry it further."

MOVIES ON THE HIGH SEAS.

Equipping American transports with motion picture machines and operators, the Y. M. C. A. has solved the problem of the leisure time of the soldiers crossing the Atlantic Ocean to France. The full Y. M. C. A. program is carried out aboard the transports with war work secretaries serving the men, furnishing them with writing papers and envelopes, staging entertainments and looking after their physical, moral and educational needs.

The Y. M. C. A. has 3,480,000 feet of film on the high seas. Machines aboard ship are going at the same time on the upper deck, second deck and perhaps inside for the officers.

What motion pictures mean to the soldiers is shown by this incident which happened on a transport bound for France:

A serial motion picture was being shown. An alarm was given that a U-boat had been sighted. Immediately every man was on deck. A torpedo was launched but missed. The boys waited a few minutes and then one of them turned to an officer and asked, "can we go below now and finish the picture?"

Since March the Y.M.C.A. has provided 40,000 to 60,000 feet of film to each boat. The crew and soldiers enjoy them going over and the wounded coming back. Only the best films are used with Mary Pickford, Douglas Fairbanks, Wm. S. Hart and others as the stars.

WHAT FOOD ADMINISTRATION ASKS YOU TO DO TO SAVE SUGAR.

For the Household.

1.—No household should have on hand more than two pounds of sugar at any one time for table and cooking use and not more than 25 pounds for canning.

2.—Canning sugar must be kept separate from that purchased for household purposes so that the Food Administration inspectors may check up the quantity on hand, the amount of fruit put up and compare it with the original amount purchased. Any excess canning sugar left over MUST be returned to the grocer. It is not permitted to use this for table purposes.

3.—Do all preserving without sugar wherever possible, adding it when used in the winter at a time when sugar will be more plentiful.

4.—Each person in a family is allowed 2 pounds of sugar per month which means that not more than 6 lumps or 3 teaspoonfuls may be used each day by any individual without exceeding the allowance. This two-pound allotment includes that used for cooking.

For Public Eating Houses.

1.—All sugar bowls should be removed from the tables and individual sugar furnished each patrons.

2.—Not more than 2 half lumps or 1 teaspoonful of sugar should be served a customer at a meal. He may have his choice of lump or granulated sugar, but not both.

MOBILIZING THE DOCTORS

It is now the turn of the doctors to be mobilized. The demands of the army are increasing, and at the same time the needs of the civil population cannot be disregarded. To meet the situation, it is suggested that the entire medical profession be taken under federal control. Actual conscription will not have to be resorted to, at least not until voluntary enrollment fails. The number of doctors at present enlisted in the army or navy is about 23,000, or about one-fourth of the number of physicians actually engaged in practice. The number eventually to be required by the army and navy is estimated at about 50,000. By calling all members of the profession into service, the government will not only be able to meet its own requirements, but will also be in position to equalize the present very unequal distribution of physicians throughout the country. Of the 143,000 registered physicians in the United States, more than one-third are not in practice. Some of these, it is anticipated, can be induced to take up active work. An interesting feature of the scheme is the proposal to commission the members of medical school faculties as a means of insuring the continuance of medical education during the war. The whole matter is obviously one in which the need of the people at home is quite as urgent as the need of men in the field. Any letting up in the efficiency with which disease is coped with in city or country means so much less ability to meet the physical strain of war.

SOLDIERS IN FRANCE NEED MORE BOOKS.

The Glendale Public Library has received today a request from the American Library Association's Headquarters in Washington for more books from this community for the men overseas.

The appeal from Washington states that new novels and good western stories, whether new or old, are most needed. Books by Zane Grey, Rex Beach, Jack London, Ralph Connor, Owen Wister and O. Henry are very popular. The Public Library announces that it will receive and forward all suitable books that are turned in. It urges the friends of the soldiers and sailors, many of whom have already responded most generously, to give more books.

The communication received by the library from the Washington headquarters states that over 600,000 books have been sent overseas. The supply is nearly exhausted, and several hundred thousand more will be needed soon by the six dispatch offices which are now shipping books to France. The books are packed at these dispatch offices in strong cases, so built that they serve as a bookcase.

They go on the decks of transports, in cargo vessels and in naval vessels. Those that go on the decks of transports are open so that the men may have reading matter for use on the voyage. All these books are gathered together again, however, replaced in the cases and delivered to the proper officials in France.

In France, the books are distributed by an experienced librarian, representing the American Library Association. Most of them go to Y.M.C.A., Red Cross and Salvation Army huts, hospitals and canteens. Others go directly to chaplains and officers.

America has given the knockout to one of Germany's pet industries. Figures made public today show the United States has the largest dyestuffs industry in the world.

Three years ago this country was utterly dependent on German dyes; only 3300 tons of coal tar products being turned out in a year. Now, 125 factoriess are making dyes, and more than $200,000,000 in capital is at work building up Uncle Sam's healthy industry.

Before the war, this country imported 22,00 tons of dyestuffs annually from Germany.

STATE NEWS.

SACRAMENTO, Cal., July 30.—California now occupies first place among the states of the union in quantity of fish produced, the State Fish and Game Commission has announced. Commercial fishermen of the state, according to latest figures, totaled 1,000,020,428 pounds in a twelve-month period, at a value of $7,697,598. Virginia stands second with 494,5959,362 pounds. California produces one-fourth the quantity and one-leventh of the value of the total fishery production of the United States.

Owing to excessive fishing in the past few years, the shad catch in California has become far below normal, the State Fish and Game Commission announces. Five years ago the shad fishermen were able to catch 5000 pounds a day. Now the average catch per day is only 400 pounds.

SAN FRANCISCO, July 30.—The Visitacion Valley car tragedy in San Francisco, which killed eight persons and injured many others, brought into prominence Mrs. Winifred Lasswell—pretty and young—who was the deputy coroner of San Mateo county who conducted the inquests following the accident. Eight months ago her husband died and she succeeded him in the undertaking business and as deputy coroner. It was her first big case.

POMONA, Cal., July 30.—The Pomona City Board of Education has decided to open the schools three weeks later than usual this year so students may continue to work on farms.

PETALUMA, Cal., July 30.—August 31 has been selected as National Egg Day by egg producers of this section. It will be designed to bring about a greater demand for eggs as a wartime food.

SANTA ROSA, Cal., July 30.—Plans are under way at the office of the Sonoma county farm adviser to secure the services of a chicken expert to be attached to the office for a half or more of his time. It is expected E. J. Houser will be engaged, to work two weeks out of each month.

SAN FRANCISCO, July 30.—The United States Food Administration for California is watching interestedly experiments in fish drying, now being carried on. The administration is anxious to find such a process applicable to flat fish as halibut, sole, and sandabs, in order that 200 tons of fish wasted in San Francisco each month may be saved for off season use. If the proposed process succeeds it will be possible for a housewife to take a dried fish out of her supplies, soak it in water and serve it with confidence that it will taste and look like the freshly caught article. In the past fishermen have been sending to the fertilizer works 200 tons of fish per month. Recently the Food Administration attempted to eliminate this waste by having the surplus offered at exceedingly low prices, but there was no demand and the plan failed. It was discovered people of the bay regions eat only three-fourths of a pound of fish per week per person against seven pounds of meat.

SACRAMENTO, Cal., July 30.—California draft boards will, in all probability, begin taking men from Class 2 the latter part of September or early in October. Adjutant-General J. J. Borree declared today that it will be possible to fill the August calls of approximately 6500 men, with the 21-year-olds who registered in June and have quite a number left for the September calls. But if September calls are as heavy as those for July and August, Class 1 including the 21-year-olds will be completely exhausted, it is predicted, and the local boards will be directed to take men from Class 2a—married men without dependents. If this condition comes about, as now seems likely, all calls for the remainder of the year, October, November and December—will be made up mostly from Class 2. Of course the reclassification of men in Classes 3, 4 and 5 will yield some soldiers, but the number will be comparatively small. Another batch of 21-year-olds will be available with the fall registration but it will not be possible to classify and examine these for service before January 1. Reports from all over the state show that the 21-year-olds who registered in June are physically qualifying for military service to the extent of 90 per cent. of the registration. Examinations are being speeded up so the August calls can be promptly filled.

WAR GARDEN AN INSPIRATION

The war garden is doing more than "help win the war." It is serving as a lesson in progress for many persons whose knowledge of the soil and its potentialities has been extremely limited. It is inspiring to watch things grow, and to realize that our own efforts have had some bearing upon this growth.

Thrift and patriotism, philosophy and sentiment are combined in a most agreeable mixture in the war garden movement. Like the vegetables that are springing so gaily from the ground to defy the kaiser and all his hosts, the idea should take such firm hold upon the national conscience that gardening will be as much a factor in times of peace as it is now under the pressure of war's necessity.—Santa Barbara Press.

Think what the spectacle of cheerful giving means to the enemy.

BUY THRIFT STAMPS.

BROTHERS IN WAR. ITALIAN GIRL WORKERS HELP

The Italian boys who are doing so nobly in driving back the Austrians are getting first class support from an organization of fifty of their sisters here.

These fifty girls are employed in factories and shops during the day, but they spend two evenings every week making surgical dressings for the Red Cross. The Italian working girls' Red Cross unit has been organized by Miss Marie Frugone, and meets after working hours in a room on Madison ave., which is occupied by wealthy Italian women workers for the Red Cross during the day.

The same girls have volunteered for other kinds of service for the Allied armies after working hours.

Miss Violet Giovagnoni spent many of her evenings collecting money for the blind relief fund. The evening she completed her canvass she received word that her brother, fighting in the Italian army, had been blinded in battle.

The girls turn out 2000 surgical dressings a week. The Ritz-Carlton hotel shows its appreciation of the working girls' efforts by sending them lunch each working night.

HANG THEM.

Recent news reports would indicate that despite our self-congratulations in the past over the belief that there is no graft in the army supply contracting business, graft has nevertheless crept in.

There would be no graft if the grafter were dealt with as any traitor is dealt with.

It is because certain big business men feel certain their money can buy them immunity from such a crime as it can from almost any other crime they might commit, that they hesitate little about plundering their country.

Certain death to the war grafter would dispel war graft.—Hollywood Citizen.

SPECIAL POULTRY MEETING.

The Lankershim Center of the Los Angeles County Farm Bureau will hold the regular August meeting, Thursday, August 1st, at 8 p.m. at the school house.

W. J. Reilly, U. S. D. A. Poultry Specialist, will speak on "Practical Economies for the Poultryman." Assistant Farm Advisor Scribner will be present. All interested poultrymen should attend.

July 29, 1918.

J. W. DEUPREE, Director.

TENNESSEE STATE SOCIETY PICNIC.

At Sycamore Grove, Los Angeles, all day Saturday, August 3, all Tennesseeans and their friends will picnic. Program at 2 p.m. Good speakers and singing. Dinner at 1 o'clock. Coffee will be served free to all who buy the badge. Do not fail to bring dinner enough for one more than your own party. Gentlemen attending alone will please bring fruit or confectionary. Come early and stay late.

Personals

Mr. and Mrs. Charles Erling are going to Catalina for a fortnight's outing.

Mrs. Edgar W. Pack is enjoying a camping trip with friends in Santa Monica Canyon.

Mrs. Roy Giddings of Tehachepi is enjoying a two weeks' visit with her uncle, J. M. Banker, and family, at their home at 233 Cedar street.

Miss Josephine Laughlin of 301 North Maryland st., has just returned from Coronado where she spent three very pleasant weeks.

The Holman family, who have been living in the Clendenin house at 232 Orange stret, have vacated it and it is rumored that the Clendenins will reoccupy it. Mr. Clendenin has been enjoying a mountain outing at Big Bear Lake.

J. A. Spence of 304 Windsor Road, his wife and family, who includes his daughter and his little grandson, who is the czar of the household, are greatly enjoying their new home, built on the site of the old one, in which they have just gotten settled.

Mrs. F. R. Abarta and son, Daris of Wilmington and Mona Butler of Long Beach spent a pleasant day last Sunday visiting friends in Glendale. The many friends of Robert Abarta will be glad to hear that the ship on which he sailed has arrived safely overseas.

Mr. and Mrs. Alfred Salyer, who left Glendale on a vacation trip about ten days ago, are now at Selma in the San Joaquin Valley. They are making an auto trip and stopped en route at Paso Robles to try the hot springs. They will probably be absent for a week or ten days longer.

Members of Chapter B. A. of the P. E. O. were entertained with an informal social afternoon at the home of Mrs. Archie Parker, 311 South Louise, last Friday, when the program for the coming year was tentatively discussed and other matters of interest to the organization.

Arthur Switzer, who is well known in this city, having served as clerk in several mercantile establishments, was called to service July 17th and is now at the Presidio, in Company 46. His wife will make her home with her husband's mother at the family residence, on Sixth street between Burbank and Glendale.

A large number of Glendale people are planning to attend the annual camp meeting of the Seventh Day Adventist Church which will begin August 1st and last for ten days, and which will be held in the same location as last year, at Washington and Vermont streets, Los Angeles. All day services will be held every day beginning at 6 a.m.

Mrs. Le Roy W. Bosserman, whose husband left for the east recently has received letters from him postmarked York, Nebraska, where he was having a nice visit with Mrs. Bosserman's sister and husband. He wrote that his journey was cool and pleasant, that the corn crops looked fine and everything seemed to be in a very prosperous condition, throughout the Middle West. He was en route for Indiana.

Earl Hitchcock, his wife and daughter, who reside at Colorado and Central avenue, have gone for an all-summer auto trip. Their car is equipped for camping and they go where the whim takes them and stay as long as they like. Mr. Hitchcock is principal of the Cornwell School in Los Angeles and is also an enthusiastic amateur photographer of some note. His tour is a hunting trip for scenery and he will probably bring back a fine collection of California views. They will probably take in Lake Tahoe and the Yosemite Valley before returning.

The program comittee of the Tuesday Afternoon Club was very pleasantly entertained last Friday afternoon by Mrs. Charles H. Toll at her home on Kenneth Road, tea being served as an interlude to their deliberations. It is understood that the programme will be quite patriotic in character and will include some very interesting speakers. The ladies included in the party were Mrs. Freeman Kelley, chairman, Mrs. Le Roy Bosserman, Mrs. John T. Crampton, Mrs. H. D. Goss, Mrs. Toll, the hostess and Mrs. W. W. Ramsay, president of the club, who was the guest of the committee.

Miss Ida Myers has been spending a week with her niece, Mrs. Hillman, who, with her husband and family, is occupying a cottage at Ocean Park for a month. Miss Carroll Duncan is with the Hillmans this week and next week Miss Lois Duncan will be their guest. At the conclusion of the school vacation Miss Lois will return to her position as kindergarten and grade teacher in the La Brea schools. Last week she entertained Miss Margaret Hookway of Pasadena and the Misses Mildred Woodworth and Nellie Spurrier of Los Angeles, all kindergarteners who had a delightful renewal of old acquaintances.

Mr. and Mrs. J. E. Phillips have returned from a week-end trip to Ocean Park and Santa Monica.

Mrs. A. M. Beamon of Maryland avenue has recovered from a week's illness and is now able to be out again.

G. Allewelt has just moved from 231 Orange street to the beautiful new home he recently purchased at 1431 West First street.

Mrs. W. S. Porter of Casa Verdugo, accompanied by her mother, left Monday evening for San Francisco in the expectation of an absence of several weeks.

Latest reports convey the information that of the 115,000 names secured in Southern California for the Bone Dry Petition, 1200 were obtained in Glendale.

A celebration of the golden wedding of Mr. and Mrs. P. J. Daugherty will be held this evening at G. A. R. Hall, their daughter, Mrs. Jessie Chappius being the hostess.

George Hastings of North Maryland avenue, who has enlisted in the Naval Reserve Band, has gone to Catalina to remain until he recuperates from a recent operation.

Mr. and Mrs. B. R. Matthiesen of 535 Cedar stret, will soon leave for San Francisco, Oakland and Nevada City, to be gone about three weeks. Nevada City was their former home where they have many friends.

Mr. and Mrs. J. T. Crampton of 1011 Chestnut street, entertained at dinner on Sunday, Mr. and Mrs. J. W. Myers of Long Beach, and at tea they were joined by Mr. and Mrs. R. P. Isitt and Mrs. Charles Hallett.

The regular meeting of the Kensington Club will be held at the home of Mrs. Walter J. Hibbert, 204 South Brand boulevard, Thursday afternoon, August 1st. Every member is requested to come and bring a friend.

Dr. and Mrs. Henry R. Harrower are rejoicing in the news just received that Mrs. Harrower's mother, Mrs. Jessie F. Moser, left Washington, D. C., Sunday night and is now en route for Glendale, where she expects to locate and make her permanent home. She will be the guest of Dr. and Mrs. Harrower for some time before making definite plans for the future.

Mr. and Mrs. Charles Toll and family and Mrs. W. P. Thompson and family are making plans for a month's camping trip up beyond Mammoth and Bishop on the 200-acre estate owned by L. C. Brand, who has invited them to make use of his lodge there. They will carry with them a full equipment for comfort in the wilderness and are looking forward to the outing with enthusiasm, especially the juvenile members of the party.

A CALL TO DUTY.

From the battle fields in France there comes an unspoken call that should find an answer in every American's heart. The recent great events in Europe, the successes of American arms on the fields of France should spur every American to greater effort.

Our people at home should not rest on the laurels of our soldiers in France. Every death on the field of honor in the line of duty and for our country's cause should be a call to us for every sacrifice and every exertion to aid the cause for which our soldiers are fighting, for which our soldiers have died.

Increase production, decrease consumption, save, and lend to the government. Every cent lent to the United States is used to support, strengthen, and aid for our soldiers in France.

CHAPLAINS NEEDED.

General Pershing, in an acknowledgment of greetings sent by the Federal Council of the Churches of Christ in America (Protestant,) says that "chaplains are very important influences in the highest efficiency of the army. The men need them for all kinds of help. They sustain the men especially at the most critical times." The general adds the very best clergymen are wanted for chaplains.

A few months ago a well-known daily expressed some doubts about the utility of chaplains. It did not regard them as nuisances, exactly, but it opined, nevertheless, that they were luxuries rather than necessities. General Pershing, who is in a much better position to judge, has now spoken to the contrary. And the people will believe Pershing.—The Tidings.

YOU ARE DOING IT.

Every time you read, you purchasers of Liberty Bonds and War Savings Stamps, of what the United States is doing in France in building wharves and railroads, or deluging the Germans with gas or shelling them out of position with big guns or shrapnel, or of bombing their arsenals or cities, or of the great work of our army and our navy, or of the building of ships here, or of any or all of the great or small achievements of America, here or abroad or on the seas, you buyers of Liberty Bonds and War Savings Stamps truthfully can say, "I had a hand in this;" "I contributed to this;" "I am helping do this;" "It is part my work."

ADVENTIST CAMP MEETING.

Leaders and delegates from all parts of Southern California are assembling in Los Angeles to participate in the biennial conference and annual camp meeting of the Seventh-day Adventists, which opens at the grounds at Washington street and Orchard avenue Tuesday evening, July 30. The big convention will continue until August 11. The tenth session of the Sanitarium Association of Seventh-day Adventists of Southern California is called to convene on the camp ground at 9 a.m. August 7.

An immense tent city, in the midst of which the five mammoth canvas pavilions stand out in bold relief, has been pitched, and is in readiness for the great meeting. The great tabernacles for the various meetings which will be held daily throughout the convention, are larger than the big circus "tops." No less than five meetings a day will be held in the main pavilion in the center of the grounds, beginning with the early morning devotional meeting at 6 a.m., and closing with the popular evening discourse, which will open with a rousing song service each evening at 7:30. A large and well-trained chorus choir, supplemented by an orchestra, will furnish excellent music.

Business meetings will occupy the 11 a.m. sessions Wednesday and Thursday, after which these meetings will be devoted to practical discourses and lectures on such important topics as "A Universal Sunday Law Coming," "The End of the Wicked," 'Does the Soul Flit to Heaven When Man Dies?" and other subjects equally interesting. Popular free lectures on health topics will be given by competent physicians, and will be of great value. All the meetings and lectures will be open to the public, and Pastor Milton M. Hare, president of the Southern California Conference, has extended to all a cordial invitation to attend regularly.

Besides the main pavilion, three other "tops" have been pitched, in which to hold the special meetings for the young people and children. The large dining tent is in readiness to accommodate the great crowds which will attend, and a well-stocked grocery store, a book store and postoffice will be in operation on the grounds. A reception tent has been tastefully furnished for the accommodation of guests from the city who may come. The book store will carry a large stock of Bibles, denominational books, pamphlets and periodicals.

The tent city has been systematically laid out with streets and avenues, and will be occupied by the many visitors, who with their families, will come from San Luis Obispo, Santa Barbara, Arroyo Grande, Burbank, Glendale, Sawtelle, Pasadena, Glendora, Rivera, San Fernando, Pomona, Long Beach, San Pedro, Norwalk, Garden Grove, Riverside, Ventura, Fresno, Oakland and many other places in Southern California. All the arrangements at the big camp will move with clock-like precision, a definite daily program having been arranged, beginning with the rising bell at 5:30, devotional meeting at 6, and continuing with the various sessions throughout each day.

Pastor Arthur G. Daniells of Washington, D. C., president of the World Conference of the Seventh-day Adventists, is one of the well-known leaders of the denomination who will speak. Pastor Meade McGuire, secretary for North America of the Young People's Society of Missionary Volunteers, an organization which corresponds to the Christian Endeavor and Epworth League, will take a prominent part in the young people's meetings. These will be in charge of Pastor M. N. Helligso of Glendale, executive secretary of the young people's department for the Pacific Union Conference.

Pastor John W. Christian, recently from Oklahoma City, Okla., newly elected president of the Pacific Union Conference of the Seventh-day Adventists, to succeed Pastor Elmer E. Andross, and having jurisdiction over the churches of this denomination in California, Nevada, Utah, Western Colorado and Arizona, will take a leading part both in the business sessions and the program of speakers. Pastor Christian was formerly president of the Southeastern Union Conference.

Pastor J. Adams Stevens of Glendale, executive secretary of the home missionary department of Adventist church work on the Pacific Coast, will be here. Pastor George W. Reaser of Glendale, Cal., field secretary of the Pacific Union Conference, and Prof. Marion E. Cady of Oakland, superintendent of the Seventh-day Adventist educational work on the Pacific Coast, will take part in the big meeting. Pastor M. N. Helligso of Glendale, executive secretary of the Young People's Society of Missionary Volunteers in this field, is now in Oakland, Cal., attending a big Adventist convention there, but is expected here in a few days.

Among the other well-known Adventist ministers who will attend will be: Pastors H. G. Lucas, Glendale; George A. Snyder, Long Beach; J. R. Patterson, Arroyo Grande; Alexander Ritchie, Los Angeles; W. M. Adams, Los Angeles; C. J. Kunkel, Los Angeles; Philip L. Knox, Los Angeles; F. R. Shaeffer, Sawtelle; G. A. Ralueder, Los Angeles; V. H. Lucas, Pasadena; E. W. Snyder, Pasadena; G. G. Brown, Los Angeles; J. L. Beane, Los Angeles.

THE LIBERTY FAIR

Entries from all over the United States for the California Liberty Fair are being received by the management and as a result of the interest being taken Fred H. Bixby, chairman of the live stock committee says the livestock end of the big fair is to be the largest ever seen in any exposition of the kind ever planned. Usually conservative regarding any statement concerning the Fair, Director Bixby is enthusiastic over the prospects for the livestock exhibit and he declares it will exceed everything he has ever had an oportunity to witness.

Inquiries are being received from points that it was thought at first would not be reached. As a result the several classes will include the finest of the aristocrats in the milk strains and in the beef cattle, as well as the best of the horses, Jacks and Jennets and ponies and pet stock. The goats will not be overlooked and California's place in the goat world is to be shown at this coming fair.

When the gates of the Fair are opened on October 12, the exhibit which is to be continued to October 26, is to include offerings from Canada, the states of the West, from New England and from the South. The sheep and the swine, the horses and cows, the goats and the rabbits, will be united to make a live stock exhibit that will show the possibilities of this country when it comes to producing as fine live stock as the world can show.

That the livestock exhibit is also to be one of the choicest ever held is the statement of Chairman Bixby who has associated with him James A. McAlister, H. A. Jastro, Jerome O'Neil, C. E. Miller, H. H. Braly, R. E. Easton, and Frank Wiggins. These men all of them realize what the livestock end of the big show is to mean.

National and State Breeders Associations, realizing the importance of the Fair to the southern part of California and with a desire to increase interest in livestock breeding, have added handsome prizes to those already offered by the Fair management. Among those who are offering special prizes are the American Shorthorn Breeders Association, the American Hereford Cattle Breeders Association, the American Aberdeen-Angus Breeders Association, the Holstein Fresian Association of America, the American Jersey Cattle Club, the Brown-Swiss Cattle Breeders Association, the Percheron Society of America, the American Shire Horse Association, the Western Berkshire Breeders Association, the California Poland-China, Swine Breeders Association, the American Poland-China, Swine Record Association, the Duroc-Jersey Swine Breeders of California, the American Duroc Swine Breeders Association, the Chester White Swine Record Association, the American Hampshire Swine Record Association, the American Tamworth Swine Record Association, the American Hampshire Sheep Association, the American Romney Sheep Breeders Association, the California Milch Goat Association and the American Angus Goat Breeders Association.

"Have the boys in Crimson Gulch quit drinking?"

"Yes," replied Broncho Bob.

"Then where do all these bottles come from that are smashed in the road?"

"They're the proof. An empty bottle is a sure sign that somebody has quit drinking. Some folks quit over and over again."—Washington Star.

Advertise it, or advertise for it in the Evening News.

ALIAS SUMMONS

In the Superior Court of the State of California in and for the County of Los Angeles.

Mrs. Arvilla Learned and G. S. Learned, her husband, Plaintiffs, vs. J. M. Mordoff and Olive J. Mordoff, his wife, et al., Defendants.

Action brought in the Superior Court of the State of California, in and for the County of Los Angeles and the Complaint filed in said County of Los Angeles, in the office of the Clerk of said Superior Court.

The People of the State of California Send Greetings to: J. M. Mordoff and Olive J. Mordoff, his wife, S. Beck, James A. Howland, Mrs. L. M. Howland, M. L. Howland, sometimes known as L. M. Howland, John C. Lynch, receiver of Pacific Coast Casualty Company, T. L. Miller, Kirkham Wright, Allen I. Kittle, Walter Perry Johnson, George W. Turner, Cutler Paige, Frank P. Deering, Trustees of said Pacific Coast Casualty Company, John Doe, Richard Roe, Mary Doe, Jane Roe, John Black Company, a corporation, Defendants.

You are hereby directed to appear and answer the Complaint in an action entitled as above, brought against you in the Superior Court of the County of Los Angeles, State of California, within ten days after the service on you of this Summons—if served within this County; or within thirty days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required the said plaintiffs will take judgment for any money or damages demanded in the Complaint, as arising upon contract or said plaintiffs will apply to the Court for any other relief demanded in the complaint.

Given under my hand and seal of the Superior Court of the County of Los Angeles, State of California, this 11th day of July, A. D. 1918.

(Seal) H. J. LELANDE, Clerk,
By R. F. GRAGG, Deputy Clerk.

JAMES F. McBRYDE,
Attorney for the Plaintiff.

RESOLUTION OF INTENTION NO. 1043

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE DECLARING ITS INTENTION TO IMPROVE A PORTION OF BROADWAY IN SAID CITY AND DESCRIBING THE DISTRICT TO BE ASSESSED TO PAY THE COSTS AND EXPENSES OF SAID IMPROVEMENT.

The Board of Trustees of the City of Glendale Resolve as Follows

SECTION 1. That the public interest and convenience requires and it is the intention of the Board of Trustees of the City of Glendale to order the following improvements to be made in said City, to wit:

First. That all of the roadway of Broadway, from a line drawn Ten (10) feet Easterly from and parallel with the Westerly line of Glendale Avenue, to the Easterly boundary line of the City of Glendale, including all intersections of streets and alleys between said points; but excluding therefrom such portion of Broadway and intersections as are required by law to be graded and paved by any person or company having railroad tracks thereon, and also excluding the following described portions of Broadway and intersecting streets.

(a) Commencing at the Southeast corner of Lot 4, Block 25 of the Town of Glendale, as per map recorded in Book 21, Pages 89 and 90 of Miscellaneous Records of Los Angeles County, California. Thence Westerly along the Northerly line of Broadway 65 feet. Thence Southerly across Broadway to a point on the South line thereof distant 75 feet West from the East line of Lot 4, Block 24 of aforementioned Town of Glendale. Thence Easterly along the Southerly line of Broadway 150 feet. Thence Northerly across Broadway to a point on the Northerly line thereof distant 65 feet Easterly from the Southeast corner of Lot 4, Block 25 aforereferred to. Thence Westerly along the Northerly line of Broadway 65 feet to the point of beginning;

(b) A strip of land of the uniform width of Twenty-four (24) feet lying 12 feet either side of, parallel and contiguous to the center line of Eagle Rock Road produced Southeasterly across that portion of Broadway included within a line drawn 301.03 feet South from and parallel with, and a line drawn 48.97 feet North from and parallel with the North line of Lot 73 of Watts Subdivision of a portion of the Rancho San Rafael, as per map of same recorded in Book 5, Pages 200 and 201 of Miscellaneous Records of Los Angeles County, California.

(c) A strip of land 23 feet in width and lying 11.5 feet either side of, parallel and contiguous to the following described center line, to wit:

Beginning at a point on the Northerly prolongation of the East line of Everett Street and distant Southerly 23.87 feet from the intersection of said Northerly prolongation of said East line of Everett Street with the North line of Broadway; thence Easterly from said point of beginning 90.42 feet along a curve concave Southerly and having a radius of 5729.61 feet (a tangent to said curve at said point of beginning having a bearing of S. 87 degrees 16 minutes 41 seconds E.); thence S. 86 degrees, 22 minutes 26 seconds E. 79.65 feet to the point of beginning of a curve concave Northerly and having a radius of 5729.61 feet; thence Easterly along said curve 301.08 feet to a point situated on a line which is parallel to and 40 feet Southerly from the North line of said Broadway; thence S. 89 degrees 23 minutes 5 seconds E. along said line, which is parallel to and 40 feet Southerly from the North line of Broadway to the point of beginning of a curve concave Southwesterly and having a radius of 327.72 feet, said point of beginning being situated S. 89 degrees 23 minutes 5 seconds E. 308.79 feet from the Northerly prolongation of the East line of Adams Street; thence Southeasterly along said curve to an intersection with the South line of Broadway.

(d) The center 23 feet of the roadway of Broadway lying between the Southwesterly line of the parcel of land 24 feet in width described in Subdivision (b) hereinbefore mentioned, and the Northerly and Easterly line of the parcel of land 23 feet in width described in Subdivision (c) hereinbefore mentioned, which said center 23 feet strip shall be graded and oiled to the official line and grade in accordance with Map No. 264, Profile No. 732, Cross Sections No. 267, and in further accordance with Specifications No. 27 for the grading and oiling of streets and avenues in the City of Glendale.

All of said portions of Broadway hereinbefore described, excepting those portions specifically excepted, shall be graded and paved to the official line and grade with a hydraulic cement concrete pavement five inches in thickness, in accordance with Map No. 264, Plan No. 265, Profile No 732, Cross Sections No. 267, and in further accordance with Specifications No. 26 for the paving with concrete base of streets and avenues, etc., in the City of Glendale.

Second. (a) That a cement curb of the Class designated as Class "B" curb in the hereinafter referred to specifications be constructed along the North line of the roadway of Broadway from a line drawn Twelve (12) feet West from and parallel with the East line of Everett Street to a line drawn Twelve (12) feet East from and parallel with the West line of Cedar Street, and from a point 518.42 feet East from the East line of Adams Street to the East City boundary line of the City of Glendale.

(b) That a cement curb of the class designated as Class "B" curb in the hereinafter referred to specifications, be constructed along the South line of the roadway of Broadway from a line drawn Ten (10) feet Westerly from and parallel with the East line of Franklin Court to the Easterly boundary line of the City of Glendale.

The construction of said curbs to include full returns at all street and alley intersections, omitting, however, such portions of Broadway and said streets upon which a cement curb of the Class hereinbefore referred to, or the equivalent thereof, has already been constructed and now exists to the official line and grade, and omitting such portion of Broadway as is required by law to be kept in order or repair by any person or company having railroad tracks thereon, and also omitting said curbs from the following described portion of Broadway:

Commencing at the Southeast corner of Lot 4, Block 25 of the Town of Glendale, as per map recorded in Book 21, Pages 89 and 90 of Miscellaneous Records of Los Angeles County, California. Thence Westerly along the Northerly line of Broadway 65 feet. Thence Southerly across Broadway to a point on the South line thereof distant 75 feet West from the East line of Lot 4, Block 24 of aforementioned Town of Glendale. Thence Easterly along the Southerly line of Broadway 150 feet. Thence Northerly across Broadway to a point on the Northerly line thereof distant 65 feet Easterly from the Southeast corner of Lot 4, Block 25 aforereferred to. Thence Westerly along the Northerly line of Broadway 65 feet to the point of beginning. Said curbs shall be constructed in accordance with Map No. 264, Cross Sections No. 267, Profile Number 732, and in further accordance with Specifications No. 24, for the Construction of Curbs, Sidewalk, gutters, culverts and asphalt pavements in the City of Glendale.

Third. (a) That a cement sidewalk of the uniform width of five (5) feet be constructed along the North side of Broadway from a line drawn 12 feet West from and parallel with the East line of Everett Street to a line drawn Twelve (12) feet East from and parallel with the West line of Cedar Street, and from the East line of Adams street to a line drawn Twelve (12) feet Easterly from and parallel with the Westerly line of Verdugo Road.

(b) That a cement sidewalk of the uniform width of Five (5) feet be constructed along the South side of Broadway from a line drawn Twelve (12) feet West from and parallel with the East line of Everett Street to a line drawn Twelve (12) feet Easterly from and parallel with the Westerly line of Verdugo Road.

The construction of said sidewalks to include full returns at all street intersections, omitting, however, such portions of said Broadway upon which a cement sidewalk Five (5) feet or more in width has already been constructed and now exists to official line and grade, and omitting such portion of Broadway as is required by law to be kept in order or repair by any persons or company having railroad tracks thereon, and also omitting said sidewalks from the following described portion of Broadway:

Commencing at the Southeast corner of Lot 4, Block 25 of the Town of Glendale, as per map recorded in Book 21, Pages 89 and 90 of Miscellaneous Records of Los Angeles County, California. Thence Westerly along the Northerly line of Broadway 65 feet. Thence Southerly across Broadway to a point on the South line thereof distant 75 feet West from the East line of Lot 4, Block 24 of aforementioned Town of Glendale. Thence Easterly along the Southerly line of Broadway 150 feet. Thence Northerly across Broadway to a point on the Northerly line thereof distant 65 feet Easterly from the Southeast corner of Lot 4, Block 25 aforereferred to. Thence Westerly along the Northerly line of Broadway 65 feet to the point of beginning.

Said sidewalks shall be constructed in accordance with Map No. 264, Cross Sections No. 267, Profile Number 732, and in further accordance with Specifications No. 24, for the construction of curbs, sidewalk, gutters, culverts and asphalt pavements in the City of Glendale.

Fourth. That reinforced concrete, steel and corrugated iron culverts be constructed at the intersection of Broadway with Verdugo Road, Adams Street and Glendale Avenue, and on portions of Broadway, Verdugo Road, Adams Street and Glendale Avenue.

The construction of said culverts shall include all gutters, cement recurbing, sidewalk and other appurtenances and appurtenant work as shown on Map Number 264 and Plan No. 265, adopted for said work; all of said appurtenances and appurtenant work being necessary for the effective operation of the culverts herein specified.

Said culverts, together with all appurtenances necessary for the effective operation of the same shall be constructed in accordance with said Map and Plan between the points on the lines and grades designated, and in further accordance with Specifications No. 24 for the construction of curbs, sidewalks, gutters, culverts and asphalt pavements in the City of Glendale.

Fifth. (a) That 2-in standard screw pipe be installed parallel with and 18 inches back of the North and South curb lines of Broadway, across all intersections of streets and alleys lying between the East line of Everett Street and a line drawn parallel with and ten feet Easterly from the Easterly line of Verdugo Road. Said pipe shall be installed in such manner as will permit the end of the pipe in all cases to extend respectively one foot East of and one foot West of the East and West property lines of all streets and alleys within aforesaid limits.

(b) That 2-in. standard screw pipe 59 feet in length be installed across the roadway of Broadway at right angles thereto, at points respectively 145 feet West from the West line of Belmont Street; five feet West from the West line of Olive Street, and 910 feet East from the Northeast corner of Broadway and Verdugo Road.

(c) That 53 feet of 2-in. standard screw pipe be installed parallel with and Eighteen (18) inches back of the South curb line of Broadway extending Easterly from a point 427.13 feet East from the East line of Adams Street.

All of said 2-in. standard screw pipe shall be installed in accordance with Map Number 264, and in further accordance with Specifications No. 25, for installing 2 inch standard screw pipe in the city of Glendale.

SECTION 2. That said contemplated work or improvement in the opinion of said Board of Trustees is of more than local or ordinary public benefit and will affect and benefit the lands and district hereinafter described, and said Board of Trustees hereby declares that the district in the said city of Glendale benefited by said work or improvement and to be assessed to pay the costs and expenses thereof, is described as follows:

Beginning at a point on a line drawn 140 feet Westerly from and parallel with the Westerly line of Glendale Avenue, said point being midway between the north line of Broadway and the South line of Third Street. Thence East along a line drawn midway between said north line of Broadway and the South line of Third Street, and the Easterly prolongation thereof to a point 200 feet Easterly from (measured at right angles to) the Northeasterly line of Eagle Rock Road. Thence Southeasterly parallel with said Northeasterly line of Eagle Rock Road to a line drawn Two hundred (200) feet North from and parallel with the North line of Broadway; thence East parallel with said North line of Broadway to a line drawn Two Hundred (200) feet Northeasterly from and parallel with the Northeasterly line of Broadway; thence Southeasterly, parallel with said Northeasterly line of Broadway to the Easterly boundary line of the city of Glendale; Thence Southwesterly, Northwesterly and Southerly following the various courses of said Easterly boundary line of the City of Glendale to an intersection with a line drawn 301.03 feet South from and parallel with the North line of Lot 73 of Watts Subdivision of a part of the Rancho San Rafael, as per Map recorded in Book 5, pages 200 and 201, Miscellaneous Records of Los Angeles County, California; thence West along said line drawn 301.03 feet South from and parallel with the North line of said Lot 73, to the Easterly line of Verdugo Road; thence Westerly to a point on the Westerly line of Verdugo Road midway between the North line of Fifth Street and the South line of Broadway; thence Westerly along a line drawn midway between the North line of Fifth Street and the South line of Broadway to a line drawn 140 feet Westerly from and parallel with the Westerly line of Glendale Avenue; thence Northerly along said line so drawn parallel with and 140 feet Westerly from the Westerly line of Glendale Avenue to the point of beginning. Excepting therefrom any portion of any public street or alley included within said assessment district. This description is general only. Reference is hereby made to Map Number 264 in which the assessment district referred to is shown within green colored border lines.

SECTION 3. The Board of Trustees of the City of Glendale determines that serial bonds shall be issued to represent assessments of Twenty-five ($25.00) Dollars or over for the cost of said work or improvement; said serial bonds shall extend over a period ending nine (9) years from and after the second day of January next succeeding the date of said bonds, and an even annual proportion of the principal sum thereof shall be payable by coupon on the second day of January, every year after their date until the whole is paid; and the interest shall be payable semi-annually by coupon on the second days of January and July respectively of each year, at the rate of seven per cent. per annum on all sums unpaid until the whole of said principal and interest are paid. All of the herein proposed work shall be done in pursuance of an Act of the Legislature of the State of California, designated as the "Improvement Act of 1911," approved April 7,1911, and the amendments thereto.

SECTION 4. Notice is hereby given that on the 15th day of August, 1918, at the hour of eight (8) o'clock p. m. of said day at the Council Chamber of the Board of Trustees of said City of Glendale, in the City Hall situated at the Northwest corner of Broadway and Howard Street in said City, is hereby fixed and designated as the day, hour and place, when and where any and all persons having any objections to the proposed work or improvement, herein designated, may appear before said Board of Trustees, and show cause if any they have, why said proposed improvement should not be carried out in accordance with the provisions of this resolution of intention.

SECTION 5. The City Engineer is directed to make a diagram of the property affected or benefited by the proposed work or improvement, as described in this Resolution of Intention and to be assessed to pay the expenses thereof. Such diagram shall show each separate lot, piece or parcel of land, the area in square feet in each of said lots, pieces or parcels of land, the relative location of the same to the work proposed to be done, all within the limits of the assessment district.

Section 6. All Maps Cross Sections, Plans and Profiles referred to in this Resolution are on file in the office of the City Engineer of the said City. All specifications referred to is this Resolution are on file in the office of the City Clerk of said City. Said Map, Plans, Cross Sections, Profiles and Specifications are thereby referred to for a more particular description of said work and made a part hereof.

SECTION 7. The Glendale Evening News, a daily newspaper of general circulation published and circulated in said City of Glendale, is hereby designated as the newspaper in which this resolution of intention, and notice of the passage thereof, shall be published in the manner and by the persons required by law.

SECTION 8. The Superintendent of Streets of said City shall immediately cause to be conspicuously posted along the line of said contemplated work or improvement, and in front of all property to be assessed, and along all the open streets within the above described assessment district notices of the passage of this Resolution of Intention in the manner and form required by law.

SECTION 9. The City Clerk of said City of Glendale is hereby directed to cause this Resolution of Intention to be published by two insertions in the manner required by law, in said Glendale Evening News.

Adopted and approved this 25th day of July, 1918.

G. B. WOODBERRY,
President of the Board of Trustees of the City of Glendale.
(Seal)
Attest:
J. C. SHERER,
City Clerk of the City of Glendale.
State of California,)
County of Los Angeles,)ss.
City of Glendale.)

I, J. C. Sherer, City Clerk of the City of Glendale, do hereby certify that the foregoing resolution was duly adopted by the Board of Trustees of the City of Glendale, State of California, and signed by the president of the Board at a regular meeting thereof, held on the 25th day of July, 1918, and that the same was passed by the following vote, to wit:

Ayes: Jackson, Muhleman, Shaw, Woodberry.
Noes: None.
Absent: Henry.

(Seal) J. C. SHERER,
City Clerk of the City of Glendale.

HOOD TIRES

WE ARE DISTRIBUTORS OF

Hood Extra Ply Tires and Tubes

The very reason you should use HOOD TIRES is the reason we are selling HOOD EXTRA PLY TIRES and we know that you want cheap mileage.

Suppose that there is a tire made in America—

That DOES give more mileage
That DOES cost less per mile
That DOES save you money
That DOES protect you
That DOES give you a sense of security

IS SUPERIOR, BETTER

You would buy, wouldn't you? You would prove this, wouldn't you? Our reputation and standing in your community are back of these statements. We can positively sell you cheap mileage---not just tires. Come in and talk it over.

PESTILENCE NOT FEARED

There is nothing particularly alarming in the news that several cases of cholera have appeared in Stockholm as the result of infection brought from Russia. That is because only in Russia, Turkey, parts of Austria, and some of the Balkan states is it possible now for cholera to make ravages at all extensive.

The disease is one at present so thoroughly understood that in countries enlightened with regard to medical science and modern sanitation it can be easily handled and soon controled. Some progress has been made in curing the victims it attacks, but in prevention the triumph has been so nearly complete that there are at least a dozen other and commoner maladies that are more to be feared than this one.

Formerly cholera was a devastating scourge wherever it was introduced, but today it does much harm and can appreciably affect the death rate only where ignorance and filth create the conditions necessary for its existence in epidemic form. It is, of course, perfectly at home in Bolshevist Russia, not because there are no Russians who know how to deal with it, but because all who do are in exile or reduced to utter powerlessness and inactivity.

The menace of cholera will make the allies careful, but they will meet it easily, while Germany's many troubles it will constitute about the least, in spite of the fact that the physical state of her civil population is such as to make their resistance to any such infection far less than it ordinarily would be in normal times.

CONSCRIPT IDLE LANDS

In Nebraska it is not only against the law for a man or woman to be an idler, but the state has gone farther and enacted laws for the conscription of the land. What would be the result if the state of California were to adopt laws that would bring about the utilization of the hundreds of thousands of untilled acres in this state and particularly in the San Joaquin Valley? If it be good law to conscript men for service in the army, is it not wisdom to put the idle land to the service of humanity? We all agree that there should be no man slackers in this war. Nor should there be any land slackers. In due time the state of California will pass the legislation which will go a long way toward bringing the lands more completely to the service of man. The sentiment is crystalizing that will conserve the storm waters, and conscription of the lands will not be long in following.—Bakersfield Californian.

Overheard at a well-known seaside resort:

"This here beach was named Santa Monica by the Spaniards. Some says it was named after a saint, and other says it wasn't a saint, but some well-known woman!"
